

Impatiens insignis	£5.20		There are several plants masquerading under this name, but this is probably the true thing. Erect, gently running stems with zebra striped stems & small, leathery leaves. Top hinged soft pink flowers during late summer & autumn but always a little shy. Seems hardy in a sheltered, woodland garden in shade. (7-9) 30cm.
Impatiens omeiana	£4.45		Collected on Mt.Omei in China, this is a superb foliage plant with whorls of green leaves heavily overlaid silver. Small YELLOW & WHITE flowers are produced in the upper leaf axils late in the season. Retentive soil in a sheltered spot in part shade. (8-10)
Impatiens omeiana - orange clone	£4.60		There appears to be two distinct form of this plant in cultivation, both very different. This form has unusual yellow green leaves with strong silver variegations . Strangely hinged soft orange flowers are held under the leaves during autumn. Hardy in a retentive, woodland soil in part or full shade. (8-10) 30cm.
Impatiens omeiana 'Ice Storm'	£4.60		
Impatiens pritzelii 'Sichuan Gold'	£5.20		Darrel Probst collection from Sichuan. Creeping woodlander, spreading by stolons. Fleshy green leaves are topped by top hinged soft creamy-yellow flowers with a gold tube & throat, from August to October. Amazingly tough in rich, never dry soil in part shade. (7-10) 40cm.
Impatiens puberula HWJK 2063	£5.30		Unusual Chinese species with fleshy stems having pale green leaves. Large purple flowers with a white spur during late summer into autumn. Best in a very sheltered spot in rich soil in part shade. Spreads. (7-9) 20cm.
Impatiens sp. DJHC 98415	£4.15		Collected by Dan Jacobs in Emei Shan, Sichuan. China. Hardy species with rosettes of smooth green leaves, becoming more veined with age. Delicate pink flowers in late autumn give late colour. Cool, moist, woodland soil in part shade. (8-10) 20cm
Impatiens P1961	£5.20		Woodland species, collected in China & yet to be identified. Creeping rhizome with thick, fleshy, olive-green leaves. Top hinged, lilac-pink flowers with with a yellow throat, spotted red, during late summer & autumn. Never too dry soil in humus rich, woodland conditions in part shade. (8-10) 45cm.
Impatiens tinctoria	£4.80		Tall, back of the border plant quite unlike the usual busy-lizzie. Stout, fleshy stems topped by clusters of two-lipped, white flowers with a burgundy-red throat in late summer. Likes a retentive, woodland soil in some shade. (7-9) 150x75cm.
Impatiens uniflora	£4.80		Rare, reasonably hardy species from the grasslands of Taiwan with fleshy leaves & stems. Hooded purpleish-pink flowers with yellow spots in late summer. Retentive, well drained woodsy soil in part shade. (7-9) 45cm.
Incarvillea delavayi	£6.25	2.00	Exotic-looking, tuberous perennial with strong stems topped with up to 10 handsome, ROSE-PINK, trumpet-shaped flowers; early & midsummer. Basal rosettes of lobed, glossy leaves. Fertile, moist yet well drained, sunny site; mulch crowns in winter. 45cms.
Incarvillea delavayi 'Snowtop'	£4.25		Exotic-looking, tuberous perennial making a basal rosette of pinnate leaves. Strong stems topped with large, white, trumpet flowers with a yellow throat; early & midsummer. Fertile, moist yet well drained, sunny position; mulch crowns in winter. 45cms.
Incarvillea grandiflora	£4.80		Rather like a shorter, larger flowered form of delavayi with radiating whorls of trumpet shaped mid-pink flowers on short stems in late spring. Basal rosettes of pinnate leaves which wither by late summer. Well drained soil in sun. (4-5) 20cm.

Incarvillea lutea	£5.20		The fabled Himalayan yellow one from wild collected seed. A tall, leafy 1mtr perennial with branched spikes carrying large, trumpet-shaped lemon yellow flowers, ageing rusty red. A real challenge to flower but easy to grow. retentive, well drained soil in sun or part shade. (7-9) 100cm.
Incarvillea mairei SDR 4336	£4.50		Short racemes of disproportionately large, CRIMSON-PURPLE, trumpet-shaped flowers with a white & yellow throat; early summer. Like a small I.delavayi with basal rosettes of pinnate leaves. 30x30cms.
Incarvillea olgae	£4.50		A shrubby plant from Turkestan with woody stems. Deeply divided narrow leaves & airy sprays of pink, Penstemon-like flowers. Well drained soil in sun. 90x60cm. Flowers: July-September.
Inula ensifolia	£3.95		Wiry stems topped with large, golden-yellow daisies with long, thin petals; June-July. An easy to grow front of the border perennial forming a dense clump of narrow leaves. A sun lover for any reasonable soil. 30x30cms.
Inula 'Finnish Feathers'	£5.20		
Inula hookeri 'Mude'	£4.80		A shorter form of hookeri with rather large, narrow, ragged petalled golden-orange flowers from a swollen calyx, throughout midsummer. Erect stems with hairy, light-green leaves. Retentive, well drained soil in sun or part shade. (6-9) 80cm.
Inula magnifica	£4.50		Big, bold, imposing back of the border plant with light, pale green, dock like leaves. Branched stems carry heads of 15cm rich golden daisies with very fine ray petals, during late summer. Slow to maturity. Retentive, deep fertile soil in sun. (8-10) 180cm.
Inula oculus-christi	£4.50		Makes an attractive dense clump of downy leaves and stout stems topped with large glowing orange-yellow daisy like flowers summer.Best in sunny position.40*60cms
Inula orientalis	£4.50		Clump-forming, rhizomatous perennial the erect stems topped with daisy-like, many wavy petalled, orange yellow flowers (to 9cm across) from woolly buds; June-July. Ovate, hairy, toothed, mid green leaves. Free draining soil in sun. Ht: 60-90cms.
Inula racemosa	£4.50		Big, bold, coarse perennial with large dock like leaves. Pyramidal spikes of bright golden-yellow daisies are freely produced from July to September. Roots are used medicinally. Deep rich soil in sun or part shade. 180x150cm.
Inula royleana	£5.95	2.00	This is a bold imposing plant that make take a while to settle down but you will be rewarded by bold clumps of broad basal leaves. HUGE, SINGLE ORANGE-YELLOW DAISIES have narrow petals. Best in a cool site in part shade. 75x45cm. Flowers: June-July.
Inula salicina	£4.20		Widespread European species forming gently spreading clumps with narrow, deeply veined, willow like leaves. Flattened heads of golden-yellow daisies in mid to late summer. Well drained soil in sun or light shade. (7-8) 45cm.
Ipheion 'Aberto Castillo'	£4.20		Larger, but less vigorous form, multiplying slower. Starry large white flowers have blue central veins with a smll yellow eye in early to mid-spring. Broader grey flushed leaves have a faint onion smell. Well drained soil in sun. (3-5) 15cm.
Ipheion 'Jessie'	£4.20		Starry, lightly scented, purplish-blue flowers with greenish purple central rib;- early spring to early summer. Arching clumps of blue-grey leaves. From Argentina. Hardy in well drained soil in sun. (1-5)15cm.
Ipheion 'Rolf Fiedler' (AGM)	£3.95		Showy allium relative with starry, scented, vivid mid-blue flowers; late winter & spring. Narrow, grassy, grey green leaves. Fertile, moist yet well drained soil in full sun. 15x30cm.

Ipheion sessile	£4.50	Small winter flowering bulb from Argentina & Uruguay, probably best in an alpine house. Short stems carry upward facing, starry white flowers, striped red on the reverse;- January & February. Grassy leaves are summer dormant. Excellent scent. Light, free draining soil in sun. (1-2) 10cm.
Ipheion 'Tessa'	£4.20	Much like a slightly deeper form of 'Charlotte Bishop', this has starry reddish-pink flowers with violet overtones, all sweetly scented & profuse in April & May. The fine, grassy leaves wither at flowering. Light, free draining soil in sun. (4-5) 15cm.
Ipheion uniflorum	£4.20	(syn. Tristagma) Star-shaped, upward facing PALE SILVERY-BLUE FLOWERS WITH DARKER MIDRIBS: spring. Well scented. Narrow, grassy, blue-green leaves. Fertile rich yet well drained soil in full sun. 20x45cm.
Ipheion uniflorum album	£3.95	South American onion relative, with the grassy leaves coming into growth in early winter. In spring produces narrow funnel-shaped white flowers with a central silver stripe down each petal in early spring. Well drained soil in sun. 10cm.
Ipheion uniflorum 'Charlotte Bishop'	£4.20	A unusual pink flowered form of this South American, ornamental onion. Rosettes of narrow, strap like leaves & starry mid pink flowers from January to May. One of the slower hybrids to multiply, hence it's scarcity. Well drained soil in sun. 30cm.
Ipheion uniflorum 'Froyle Mill' (AGM)	£4.20	Vigorous, clump forming, bulbous perennial from the Allium family. In autumn it produces its narrow, grassy leaves & in spring has upward facing, starry, dusky blue flowers with darker midribs. Fertile, well drained, humus rich soil in full sun. 30x30cm.
Ipheion uniflorum tandiliense	£4.50	Early flowering bulbous perennial with heads of white, starry flowers, tinged lilac-blue on the veins, during late spring & early summer, held on well branched stems. The grassy leaves wither at flowering. Likes a dry summer rest. Light, free draining soil in sun.
Ipheion uniflorum 'Wisley Blue' (AGM)	£4.20	Unusual bulbous plant from Argentina. This onion relative produces narrow grassy leaves in autumn followed by LILAC-BLUE, STARRY FLOWERS in mid spring. Needs a gritty well drained soil in a sunny position. 30x30cm.
Ipheion 'White Star'	£4.20	Beautiful small coloniser, allied to onions but with sweetly scented, star shaped brilliant white flowers with dusky white midveins with broad petals, during April & May. The fine, grassy leaves wither at flowering. Light, free draining soil in sun. (4-5) 15cm.
Iris 'Picadee' (Dwarf Bearded)	£3.50	(Dwarf Bearded Iris) Small, vigorous Iris with violet-blue standards with a fine white edge. White falls with a fine violet-blue stityching around the petals edges. White beard. Grey-green leaves. Light, well drained soil in sun. (4-5) 35cm.
Iris 'Pogo' (Dwarf Bearded)	£6.15	Chrome-yellow flowers the falls spotted mahogany-red; May. Short, stiff, upright stems & fans of sword-like leaves. Plant rhizome at soil level. Well drained, gritty soil in sun. 35cms.
Iris 'Bel Azur' (Intermediate Bearded)	£5.95	At last a real true sky-blue Iris & a real beauty it is. Almost luminous flowers are sweetly scented & held over four weeks from late May. Has a contrasting cream beard. Best in a light, free draining soil in sun. (5-6) 65cm.
Iris 'Langport Storm' (Intermediate Bearded)	£5.95	Unusual pale lavender-violet flowers with a reddish-brown thumbprint & white veining on the falls. The strong tangerine beard in tipped pale-blue. Fans of upright, sword-like leaves. Well drained soil in sun. (5-6) 45cm.

Iris 'Love's Tune' (Intermediate Bearded)	£4.45	INTERMEDIATE BEARDED IRIS. Elegant, ruffled white flowers with a striking gentian-blue beard;- late spring & early summer. Narrow, upright fans of sword like leaves. Plant with rhizome at surface for a summer baking. Well drained, sunny spot. (5-6) 45cm.
Iris 'Black Knight' (Tall Bearded)	£4.50	Large flowers of darkest purple, almost pure black; early summer. Divide regularly for vigour. Well drained soil in full sun. 90x90cm.
Iris 'Black Watch' (Tall Bearded Iris)	£4.50	Bicoloured, rather simple flowers, totally unruffled. Rich violet-purple standards with darker violet-black, velvet textured falls. Rich purple beard. Flowers May & June. Broad fans of glaucous leaves. Light, free draining soil in sun. (5-6) 75cm.
Iris 'Carol Lee' (Tall Bearded)	£4.15	Miniature Tall Bearded Iris. Medium sized yellow flowers with dark purple falls, finely stitched yellow. White markings in the throat. Gold beard. Plant with rhizome near the surface. Light, free draining soil in sun or light shade. (5-6) 60cm.
Iris 'Dusky Challenger' (Tall Bearded)	£6.25	A tall bearded Iris with lightly ruffled, intense violet-purple flowers with a deeper violet-blue beard, during May & June. Fans of broad, glaucous grey-green leaves. Plant with tubers near the surface. Well drained soil in sun. (5-7) 70cm.
Iris 'Dutch Chocolate' (Tall Bearded)	£5.95	Well blended rich chocolate-brown & rusty red flowers which glow a vibrant brick-red when backlit by the sun. The throat is lightly suffused amber with a matching beard. Light, free draining soil in sun or light shade. Capable of repeating. (5-6) 90cm.
Iris 'Hemstitched' (Tall Bearded)	£5.95	Tall Bearded Iris. Elegantly poised, not too large white flowers with a stitched violet-blue edging. The violet is more pronounced on the standards. White beard. light scent. Light, free draining soil in sun. (5-6) 85cm.
Iris 'Lacy Snowflake' (Tall Bearded Iris)	£5.95	American midseason flowerer with incredibly ruffled, frilled & scalloped snow white flowers. Has a cream beard. Each stem has an excellent bud count. Its form indicates the name snowflake. Light, free draining soil in sun. (5-6) 85cm.
Iris 'Life Story' (Tall Bearded)	£5.95	Tall Bearded Iris. A British Iris with clean white standards, lightly edged lavender. Lavender-blue falls with a wide white throat. Striking golden-orange beard. Rather a small, simple flower. Light, free draining soil in sun. (5-6) 90cm.
Iris 'Mesmerizer' (Tall Bearded)	£5.95	Tall Bearded Iris. One of the most popular varieties this has huge, incredibly ruffled pure white flowers over a long period during May & June. Cream beard. In America this is known as a 'horned' Iris. Light, free draining soil in sun. (5-6) 100cm.
Iris 'Nightfall' (Tall Bearded)	£4.50	(Tall Bearded Iris) Bold, bearded Iris with showy darkest purple-blue flowers with a black sheen. Flowers late spring & early summer. Well drained soil in full sun. (5-6) 100cm.
Iris 'Pink Attraction' (Tall Bearded Iris)	£5.95	Almost translucent, pale salmon-pink flowers, much paler at the margins. The throat is lightly suffused orange with a light orange beard. Smaller flowers on well branched stems during May & June. Light, free draining soil in sun or light shade. (5-6) 90cm.
Iris 'Snow Tracery' (Tall Bearded)	£4.45	(Tall Bearded Iris) Large, claret-purple standards with white falls, edged in a purple margin. Deep purple beard;- May & June. Fans of grey-green leaves. Plant rhizomes at surface for summer baking. Well drained soil in sun. (5-6) 70cm.
Iris 'Superstition' (Tall Bearded) (AGM)	£4.80	(TALL BEARDED IRIS) One of the darkest Irises available this has good sized, rather sinister darkest purple, almost black flowers & beard, with a velvet texture ;- May & June. fans of broad leaves. Best in a light, free draining soil in sun. (5-6) 90cm.

Iris 'Wild Missouri' (Tall Bearded)	£4.50	Rather small flowers for a tall bearded Iris. Attractive, unruffled rich plum-purple flowers, almost suffused black in the throat. Striking electric-blue beard. Fans of broad leaves. Light, free draining soil in sun. (5-6) 80cm.
Iris bracteata	£4.50	(Californian hybrid) The Siskiyou Iris from N.California & S.Oregon. Erect fans of glaucous flushed leaves. Elegant, upward facing softest cream, occasionally white flowers with black veins;- early summer. A dry meadow plant for a sunny site. (5-6) 60cm.
Iris bucharica	£4.50	A form with yellow standards and cream falls; March-April. A compact, bulbous perennial with fleshy leaves clasping the stem similar to a leek. Well drained, neutral to alkaline soil in sun. Ht:
Iris bulleyana black flowered SDR 2714	£4.35	Wild collected from Chinese seed, this usually blue species has small, elegantly poised, rich purple-black flowers over clumps of narrow, upright, grassy leaves; early summer. Retentive or moist soil in sun or light shade. (6-7) 75cm.
Iris cristata 'Abbey's Violet'	£4.80	Small, creeping woodland Iris with broad petalled, rich purple petals. Has a large white throat & big orange beard. Short leaves have rich gold autumn colour. Best in a retentive, woodland soil in part or full shade. (4-5) 30cm.
Iris delavayi 'Didcot'	£5.80	Selection of a Yunnan species with elegantly poised pale blue flowers with deeper veining ; - May & June. Erect fans of sword like leaves. Needs a retentive or moist soil in sun or part shade. (5-6)
Iris domestica	£4.50	syn. belamcanda chinensis. Sword-like leaves are topped by zig-zagging stems carrying BRIGHT ORANGE 5-petalled flowers MARKED RED. Well drained soil in sun. 90x30cm. Flowers: May-July
Iris ensata 'Crystal Halo' (AGM)	£4.15	Striking, dinner plate sized, lavender-purple flowers with a white stitched pattern bleeding into the petals. Striking yellow eyes at the centre. Needs a retentive or wet soil in sun or part shade. (6-7) 85cm.
Iris ensata 'Darling'	£4.50	Large, upward facing, soft lilac-pink flowers on stout stems; midsummer. Needs a moist even wet, not too chalky soil in sun or part shade. 75x60cm.
Iris ensata 'Dresden China'	£6.15	Rather unusual form with good sized palest soft grey flushed sky-blue flowers, covered in very fine white veins. Yellow stained throat. Flowers early summer. Erect fans of glaucous flushed, sword like leaves. Retentive or moist soil in sun or part shade. (6-7) 90cm.
Iris ensata 'Fortune'	£4.50	Large, blowsy white flowers covered in fine purple veining. The small falls are a contrasting rich pansy-purple. Erect fans of sword like leaves. Flowers June & July. Needs a moist even wet soil in sun or part shade, disliking shallow chalk. (6-7) 80cm.
Iris ensata 'Galatea'	£6.15	Blowsy, moisture loving Iris with large white broad petalled flowers with blue veining & small violet standards. Long leaves with prominent midribs. Moist, rich or wet soil in sun or part shade. (6-7) 90cm.
Iris ensata 'Hercule'	£6.15	A scarce old variety with DOUBLE, BLUE flowers with deeper veining; midsummer. Fans of fresh green leaves. Rich, moist or wet, not too chalky soil in a sunny site. 90x60cm.
Iris ensata 'Kumo-no-obi'	£4.50	One of the many new Japanese hybrids with clumps of ribbed grassy sword like leaves. Short branching stems have RICH DEEP-PURPLE flowers with short standards & drooping falls. Flowers intermittently all summer. Prferes moist soil in sun. 80x45cm.

Iris ensata 'Moonlight Waves'	£6.15	An attractive & unusual Iris with fans of glossy dark green leaves. The huge white flowers face upwards & have strong yellow markings towards the throat. Prefers moist soil in sun. 80x45cm. Flowers: June-July.
Iris ensata 'Pin Stripe'	£4.15	Very large petals are white, heavily veined lilac-purple & a yellow eye; June & July. Fans of sword-like deep green leaves. Needs a moisture retentive, not too dry soil in sun or part shade. 75x60cm.
